James and Jill are filing a joint return and both have valid SSNs. They have two daughters; Susie has a valid SSN and Sally has an ITIN. Only the daughter with the valid SSN may qualify the tax return for EIC.

Tom and Martha are a married couple. Tom is 66 and Martha is 58 years old. If all other rules are met, they would qualify for the EIC.

For a couple filing a joint return, only one taxpayer has to meet the age requirement.

Jane, 31, and Todd, 33, have an 8-year-old daughter, Amanda. All are U.S. citizens and have valid SSNs. Jane and Todd have never been married. Jane and Amanda lived together all year in an apartment. Todd lived alone. Jane earned \$15,000 working as a clerk in a clothing store. Todd is an assistant manager of a hardware store and earned \$48,000. He paid over half Jane's rent and utilities, and also gave Jane extra money for groceries.

Todd does not pay any expenses or support for any other family member. Although Todd provided over half the cost of a home for Jane and Amanda, he cannot file Head of Household and he cannot claim the child for EIC, since Amanda did not live with him more than half the year. Jane cannot file as Head of Household either. Review the Filing Status for Head of Household rules in the Volunteer Resource Guide, Tab B, Starting a Return and Filing Status.

Jane is the only one who can claim Amanda as a qualifying child for EIC. Review the Earned Income Credit rules in the Volunteer Resource Guide, Tab I, Earned Income Credit.
